The Soul Portrait offers a glimpse of the beautiful soul that animates your life with love, passion and purpose. Together, we will identify the things that make you who you are, and what makes your heart sing in this world. Please take a few minutes to respond to any of the following questions that feel relevant for you. No two soul portraits will unfold in the same way. You may have an image already in mind, or you may want to dive deeper into the symbolism that is available through considering the elements below. Your answers to this questionnaire will offer clues about the images and elements that will best portray you on a soul level. The questionnaire is optional! Have fun!

## The Soul Portrait Questionnaire

### Communicating with Color

Do you have a favorite color? If so, what is it? \_\_\_\_\_ What colors below best express your true nature?

\_\_\_ **Red:** Passion, Love, Anger.

\_\_\_ **Orange:** Energy, Happiness, Vitality.

\_\_\_ **Yellow:** Happiness, Hope, Deceit.

\_\_\_ **Purple:** Creativity, Royalty, Wealth.

\_\_\_ **Black:** Mystery, Elegance, Evil.

\_\_\_ **Gray:** Moody, Conservative, Formality.

Do you know what an AURA is? \_\_\_\_\_ If no, what color do you think yours is? \_\_\_\_\_

#### **au·ra** - defined

- a distinctive atmosphere surrounding a given source, "The place had an aura of mystery".
- a subtle sensory stimulus (such as an aroma)
- an energy field that is held to emanate from a living being
- a luminous radiation :

### Your Sacred Space

Imagine your "mansion in the sky", your secret garden, or sacred temple. Where does your soul feel most at home? In your portrait, do you see yourself sitting on a throne, a garden bench, the beach or high on the mountain top? Give a brief description of a sacred space that may be inspiration for the background of your soul portrait.

### Flora and Fauna

#### **Flora**

Do you feel more at home with succulents, ferns, ornamental grasses, evergreens or tropical palm trees? Do you have a favorite flower, or is there a plant that holds special meaning to you? Consider your sacred space above, and what other life forms you might share it with.

## **Fauna**

A totem is a spirit being, sacred object, or symbol of a tribe, clan, family or individual. Some Native American tribe's tradition provides that each person is connected with nine different animals that will accompany him or her through life, acting as guides. You may currently have a living soul companion in a dog(s) or a cat(s), a bird(s) or a fish. Make a list of the animals that you consider totems for you, and include any other fauna you imagine surrounding you in your soul portrait. For example, if I were an animal, I think I might be a horse, and might like to include a horse in my soul portrait.
